**Statement from Trillium Health Partners on the Passing of Three Physicians**

(Mississauga, ON) “It is with deep sadness that Trillium Health Partners mourns the loss of three of our physicians who recently passed away. Dr. Jakub Sawicki, Dr. Stephen McKenzie and Dr. Lorne Segall were trusted colleagues who were committed to caring for their patients and community.

The rumour circulating on social media is simply not true. Their passings were not related to the COVID-19 vaccine.

We ask to please respect their families’ privacy during this difficult time.”
