**TRILLIUM HEALTH PARTNERS HIGHLIGHTS A YEAR OF HIGH-QUALITY, CONNECTED
PATIENT CARE**

MISSISSAUGA, ON (June 6, 2023) – Yesterday, Trillium Health Partners (THP) shared its accomplishments from the past fiscal year (April 1, 2022 – March 31, 2023), with a focus on high-quality, connected care and partnering for better health outcomes. THP has remained committed to working closely with health system partners, community leaders and local organizations to build a stronger, healthier community and a more equitable health care system.

“Thank you to all the staff, professional staff, learners and volunteers at THP for your ongoing commitment to our patients, their families, and our community,” said Christine Magee, Board Chair, THP. “Your commitment to living THP’s values of courage, compassion and excellence is evident in the work you do every day.”

In advancing THP’s mission to create a new kind of health care for a healthier community, the hospital celebrated a number of milestones, including:

- The launch of *THP@Home*, a new community based program designed to help people transition from hospital to home faster and safer by creating personalized home care plans, in partnership with CANES Community Care.
- The advancement of Canada’s largest health infrastructure project, *Trillium HealthWorks*, by signing a Development Phase Agreement with ED+PCL Healthcare Partners for the future home of The Peter Gilgan Mississauga Hospital, and issuing an Request for Proposal (RFP) for the future home of The Gilgan Family Queensway Health Centre.
- A monumental \$75 million donation from Mississauga-based Orlando Corporation, the largest corporate match donation in Canadian history, which will be used to help fund *Trillium HealthWorks* projects.
- Improved access to multi-language and dialect care by launching *Voyce*, an app-based language interpretation service, allowing patients to receive care 24/7 in over 240 languages and dialects.
- Being named one of Canada’s Top 40 Research Hospitals and one of the top five hospitals for research spending growth by Research Infosource Inc.

“THP is so grateful for the continued support from our community, health system partners and all levels of government. This ongoing support enables us to take the necessary steps to continually improve the delivery of high-quality care both inside and outside our hospital walls,” said Karli Farrow, President and CEO, THP. “As we look ahead, we are excited about the future of health care in Mississauga and West Toronto, and are focused on delivering connected, patient-centered care.”

“We could not be more grateful for our community’s record-breaking generosity that honours the outstanding work of our hospital colleagues as, together, we advance a new kind of health care,” said Caroline Riseboro, President and CEO, THP Foundation.

Trillium Health Partners

Trillium Health Partners is one of the largest community-based hospital systems in Canada. Comprised of Credit Valley Hospital, the Mississauga Hospital and the Queensway Health Centre, Trillium Health Partners serves the growing and diverse populations of Mississauga, West Toronto and surrounding communities. Trillium Health Partners is a teaching hospital affiliated with the University of Toronto, is an associate member of the Toronto Academic Health Science Network and a proud member of the Mississauga Ontario Health Team.

Trillium Health Partners Foundation

Trillium Health Partners Foundation was formed in July 2013 upon the successful amalgamation of Trillium Health Centre Foundation and The Credit Valley Hospital Foundation. Together as one foundation, Trillium Health Partners Foundation is dedicated to raising the critical funds needed to address the highest priority needs of Trillium Health Partners.
